

**Education**

Bachelor of Architecture -
University of Kansas

Professional Affiliation

American Institute of Architects
U.S. Green Building Council

As a Sr. Project Architect, Jason has worked on a variety of projects since starting in 1997 at Wellner Architects. Project types include office spaces, schools, fire stations, health facilities, laboratory-related spaces, municipal facilities, airports, manufacturing facilities, post offices, and banking institutions. He has extensive computer knowledge and design experience from schematics through construction documents. Jason was the Sr. Project Architect on the Army Reserve Center in Leavenworth, KS. He has recently completed the design on the University of Central MO's Golf Clubhouse and is currently working on the design of a bank.
