KCI Retail Shop

*Nashua Elementary School
New Construction &*

*Kansas City International Airport
Design Team*

During Margaret's over twenty-five years of experience, she has developed expertise in all phases of the design process. During her sixteen years with Wellner Architects, she has gained experience on every type of project in the office. Margaret has managed a variety of projects including new and renovated educational buildings, new and renovated laboratories, office buildings, terminal buildings, postal facilities, and multi-family housing rehabilitations. Margaret is continuing to work with a local school district in updating their middle school science rooms.
