

Station Casino Recreation Fields

This project is made up of three recreation fields constructed for the use by employees of the casino. The project includes a softball field with lighting, bleachers, backstop, and a completely fenced field with the outfield fence 300 feet away from home plate. Also included is a regulation-size outdoor, sand volleyball court and an outdoor, regulation-size basketball court, both with lighting. A fence fully encloses the basketball court. All are located on the southwest corner of the Station Casino site.

Construction Cost	\$200,000
Date Complete	1999
Key Personnel	Julie Wellner
