

## Various Renovations

Wellner Architects worked on many renovations and rehabilitations under an indefinite delivery contract with the Housing Authority of Kansas City, Missouri. Some of these projects included:

- Masterplan for a \$22 million housing development. Wellner provided management and coordination of the design team, estimating, site development, and a structural/infrastructure report.
- Site improvements, windows and doors replacement, security lighting, storm drainage.
- 504/ADA accessibility
- Comprehensive rehabilitation
- Storm drainage improvements
- Exterior enhancements
- Interior improvements
